School of Mines and Engineering

SAN FRANCISCO, CALIFORNIA, AND
STOCKTON, CALIFORNIA

CIVIL AND MINING ENGINEERING

This department has been established to meet the demand for thorough instruction in mining and surveying that will be shorter than the university course of four years. The plan adopted, therefore, is to **specialize** so that those who wish can take up one subject only or as many as may be deemed advisable. Six months devoted exclusively to mining engineering will give the average student a full **practical** knowledge of the subject.

Any course or group of studies may be selected.

The CIVIL ENGINEERING COURSE includes: Geometry, Trigonometry, Draughting, Strength of Material, Surveying, etc.

The MINING ENGINEERING COURSE includes: Assaying, Blowpipe Analysis, Mill Construction, Milling, Mining, Geology, Mineralogy, Economic Geology, Surveying.

The METALLURGICAL COURSE includes: Chemistry, Assaying, Metallurgy, Calorifics.

AUTOMOBILE ENGINEERING

For those who desire to receive a practical knowledge of Automobile Engineering, this course provides in the shortest possible time a practical knowledge of any gasoline automobile.

ELECTRICAL ENGINEERING

The study and work in this department cover all the modern applications of electricity. The course is so condensed and divested of superfluities as to bring it within the time limit and means of the average young man who has to make his own way in the world.

The department is thoroughly equipped with Dynamos, Motors, Measuring Instruments, Wiring Appliances, Wheatstone Bridges, Telegraphic Instruments and Appliances, Electro-Medical Apparatus, Galvanic and Storage Batteries of all kinds, Fluoroscopes, X-ray closet and a large laboratory. **Send for Special Catalogue of this School.**

NIGHT SCHOOL

To accommodate a large class of patrons who are unable to attend the day sessions, evening classes are conducted in all the departments the entire year. All the facilities and advantages of the day sessions are provided for these classes; the same studies, the same method, the same practical work. The instruction is individual, and every attention is given to those whose education has been neglected.

Business Houses needing Bookkeepers, Stenographers, Typewriters, Cashiers, Clerks, Foreign Correspondents, Telegraphers, Electricians, or Clerical Labor of any kind can be immediately supplied. Full information regarding any of the courses may be had by addressing

E. P. HEALD, PRESIDENT

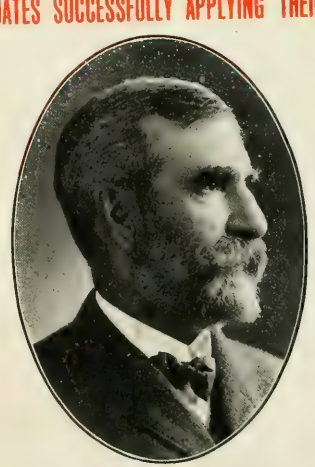
425 McALLISTER STREET — SAN FRANCISCO, CAL.

THE NAME STANDS FOR EXCELLENCE

HEALD'S COLLEGE

Capitalization, $250,000

Stands at the Head of Commercial Schools in Equipment, Faculty Liberality and Educational Facilities. **Established nearly Half a Century**



The following Schools comprise the Heald Colleges:

Heald's Business College, San Francisco
Heald's School of Mines and Engineering, San Francisco
Heald's Business College, Oakland
Heald's Business College, Fresno
Heald's Normal School, Oakland
Heald's Business College, Stockton
Heald's Business College, Santa Cruz
Heald's School of Music, Los Angeles
Heald's Southern California Business College, Los Angeles
Heald's Business College, Riverside, Cal.
Heald's School of Music, Ocean Park, Cal.
Heald's Business College, Long Beach, Cal.
Heald's Business College, Ocean Park, Cal.
Heald's Engineering School, Stockton
Heald's Conservatory of Music, Long Beach
Heald's Business College, Reno, Nevada
Heald's Normal School, Stockton

Tuition paid at either school is good for attendance in any of the Colleges. Students may enter for any course at any time. Pupils receive individual instruction. School the entire year, day and evening. Moderate charges. Visitors always welcome.
